We acknowledge a postal card from a man out in Los Angeles, who suggests that the "peoples of the world had better spend less time fighting one another and pay more attention to fighting the forces of nature, such as insects, water shortages, and diminishing resources..."

From our esteemed friend, Comrade SN, Ret., now at Pamplin, comes this information: "To live happily in the country one must: have the mind of a poet, the soul of a philosopher, the patience of a saint, and the good ears!"

The Jaycees are going all - out for a Pancake Day on February 3. I love pancakes, but about three of all I can eat, but if they suggest that I eat pancakes all day, I will try to get in shape! Heavens to Betsy — what values there are in Appomattox!

Years ago, I was a member of the Rotary Club. It is still interesting to recall that the name Rotary began with the original plan of meeting was to rotate the meeting from the offices of all members!

Useful information: It is estimated that Americans consume three million eggs a minute!

Well, we finally got the Christmas street lights down in town, but let it be said, in all sincerity, that every shopping day in Christmas in Appomattox! Come on out and see for yourself.

Lots of people would buy, even an elephant, if offered one for a dollar down and a dollar per week.

Glad to congratulate the town for having bulldozed the Dump. Looks all right!

Easy question: Which is heavier: a pound of feathers, or a pound of gold? (clue: not the same.)

And then there was the one of the clerk who came to work and started handing out cigars! Somewhat puzzled, her co-workers asked what the occasion was. She said: "It's a boy, six feet tall, and 185 pounds!"

Our observation is that the state highway repair crews will be busy when weather permits, cleaning up the damage done by the recent severe snows, freezes, thaws, etc.

Oh, shucks: answer to query above — feathers are weighed according to the avoirdupois system of weights(16 ounces to the pound) while gold is weighed according to the troy system, which is only 12 ounces to the pound!)

A. H. S. girls won 43 to 27 over Nelson, with Joyce Tolley scoring 20 points. The local girls team is maintaining top rank in the northern district.

Both teams also defeated Dan River High School Saturday night.

The A. H. S. teams will play their next game at Brookville Friday night, January 19.

LOCAL THEATRE WILL CLOSE SATURDAY

The local Lee Theatre will close on Saturday night. This movie theatre has been in operation since November 16, 1936.

Traffic Clash Statistics

Richmond, Va. .... Breaking a three-year chain of consecutive traffic death reduction in Virginia, traffic deaths for 1961 soared to a tentative, 852, to compare badly with the 756 of 1960, Col. C. W. Woodson, Jr., Superintendent of State Police and Chairman of the Governor's Highway Safety Committee, announced.

In the light of a rise of about 2.1 percent in traffic volumes, Colonel Woodson estimated that the death rate (deaths per 100 million miles of travel) would be about 5.2 against an estimated national one of 5.3. Here, he observed that the all-time high for Virginia was 24.2 in 1925 and the low was the 4.7 of last year.

Pedestrain deaths dropped from 159 to 156, to approach the all-time low of 151 in 1958. The record high was 343 in 1941. Deaths of servicemen rose from 31 to 54.

Crashes killing more than one person each rose alarmingly from 85 which killed 144 in 1960 to 89 which killed 212 in 1961.

Those in which the vehicles had no contact with other vehicles or persons, rose with 285 killing 316 as against 267 killing 290 in 1960. Urban deaths were up from 138 to 157 and rural ones from 623 to 695.

Virginia saw 912 deaths in 1957, 861 in 1958, 850 in 1959 and 756 in 1960.

Residents of the community, as well as PT. A. members are invited to avail themselves of this opportunity to hear Dr. Shanholtz.

Mrs. A. R. Harwood, Jr., president, will hold a meeting of the executive committee in the school library at 7:30 P. M.

Garden Club

The Appomattox Garden Club will meet on Monday, January 22, at 7:30, at the Elementary School. A workshop in color of flower arrangements will be conducted by Mrs. S. S. Shouse.

Traffic Death

Appomattox had its first traffic death of 1962 this week, as a result of a collision on Rt. 691, between the Town of Appomattox and the local Transco Station. Arthur E. McIntosh, 75, of Rt. 1, Appomattox, was killed in the accident. He was headed home in a car, driven by his son, Gleon Dale McIntosh, when there was a collision with a pick-up truck, reportedly driven by Clifford O. Pugh, 16, of Rt. 1, Appomattox. Two passengers in the pick-up truck received injuries. State Troopers were presently on the scene, and the injured passengers hospitalized for check-ups.

Sen. Moses At Top Post

Seniority and legislative skill pay off in public affairs. Appomattox is fortunate to have its State's Senator, Hon. Chas. T. Moses, who has been in the senior Virginia legislative body since 1935, and is its ranking member. He is President Pro Tempore of the Senate, and chairman of the powerful Roads Committee. At the current session, Sen. Moses has been placed, in addition on the all important Senate Finance Committee, to fill a vacancy caused by the election of Sen. Mills Godwin to Lt. Governor.

(Special to the Times-Virginian)
New York, Jan. 16.- Residents of Appomattox County have entered the year 1962 with more protection in the form of life insurance than they ever had. Their coverage, per family, is at a peak.

This total amount of life insurance in force locally is estimated at $17,087,000.

The latest figures on the number of policyholders and the size of their holdings on a national and state basis are given in the 1962 Life Insurance Fact Book.

In the period of just one year, the annual report shows, the American people added nearly $60 billion in face value to their coverage. This brought the amount of life insurance in being throughout the country to $584 billion.

Some $11,530,000,000 of this total is within the state of Virginia. Not included in this figure is insurance provided by the Federal government and by fraternal and other nonprofit organizations.

For most families in the state, the amount that is held varies with income. In the average household, it is found, the coverage is equivalent to 20.9 months' net earnings, after taxes. This is based on income data supplied by Social Management.

Adapting this average to Appomattox County, where the after-tax income amounts to $409 per household per month, life insurance locally is in the indicated sum of $8,546 per family.

This is more than the holdings of most families in the county three years earlier, the average being $6,775.
